“India Against Road Crash” Event-Report

Objective:

1. Raise Awareness: Educate participants about road safety and responsible driving.
2. Promote Responsible Driving: Encourage to a road safety code of conduct through a pledge.

The “India Against Road Crash” event was a significant initiative held on 14th February 2024 in Pune, marking the observance of National Road Safety Month. The event was designed with the primary aim of raising awareness about the importance of road safety and the role of responsible driving habits in preventing road accidents.

The event with a Walkathon, where participants walked together, symbolizing their collective commitment towards the cause of road safety. This was followed by the formation of a Road Safety Human Chain, a visual representation of unity and shared responsibility towards ensuring safer roads. One of the key features of the event was the Road Safety Pledge. Here, attendees had the opportunity to make a personal commitment to adhere to a code of conduct for road safety. This interactive element served as a powerful reminder of the role each individual plays in ensuring road safety. An Interactive Session with Experts was also organized as part of the event. This session provided a platform for participants to engage in meaningful discussions about road safety issues and gain valuable insights from experts in the field.

A significant highlight of the event was the pledge taken by the participants. They committed to following a code of conduct aimed at ensuring road safety. This included the use of safety devices such as seat belts, helmets, and child restraints, refraining from driving under the influence of alcohol or drugs, avoiding distracted driving, adhering to speed limits, ensuring right of way, and using safer vehicles.
